Mr. York Jones
Manager
Cedar City Operations
Utah International, Incorporated
228 South 800 West
Cedar City, Utah 84720

Dear Mr. York:

Re: Comstock Plant and Railroad Site, Utah International Incorporated, M/021/001, Iron County, Utah

The Division has not received a replacement reclamation surety nor formal permit transfer from Geneva Steel for the Comstock properties. Until responsibility for this 36 acre site has been properly assumed by Geneva Steel, the Division will be unable to release Utah International from reclamation obligations attached to this site.

Unfortunately, the time frame for resolving this issue may be lengthy. Currently, Geneva Steel is going through a plan amendment process for their Iron Mountain properties, of which the Comstock Plant is a part. Working out the details for this amendment and posting of a reclamation surety may take 2 - 3 months.

Sincerely,

Holland Shepherd
Reclamation Specialist
